Forecast For East of England
Issued by Met Office Exeter
at 1600 on Tuesday 24 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rather cloudy tonight but brightening up on Wednesday. Cooler Thursday.

This Evening and Tonight:
Rather cloudy in the north with low cloud feeding off the North Sea overnight, perhaps likely to produce some patchy light rain and drizzle locally. Some prolonged clear spells in the south, but a chance of isolated fog patches. Minimum temperature 14 deg C (57 deg F).

Wednesday:
A cloudy start, although the cloud will soon lift and break to give some bright or sunny spells. Feeling pleasant in the sunshine. Turning cloudier in the east later. Maximum temperature 21 deg C (70 deg F).

Outlook for Thursday to Saturday:
Dry with bright or sunny spells on Thursday and Friday. Feeling cooler with a fresh northeasterly breeze. Largely dry and bright on Saturday, with the risk of a few showers.
